PROFESSIONAL SUMMARY

Motivated Full-Stack Software Developer based in Accra, Ghana, with hands-on experience building production-ready web applications from the ground up. Skilled in React, Node.js, Python, and MongoDB, with a strong foundation in IT support and systems administration. Demonstrated ability to deliver end-to-end solutions — including a live portfolio with an inventory management dashboard, a MoMo payment gateway integration, a community developer platform, and a secure admin message system backed by a REST API. Passionate about writing clean, maintainable code and building tools that solve real problems for real users.

TECHNICAL SKILLS

Frontend: React · JavaScript (ES6+) · HTML5 · CSS3 · Tailwind CSS

Backend: Node.js · Express.js · Python · FastAPI · REST APIs

Database: MongoDB · PostgreSQL

DevOps & Tools: Git · GitHub · Docker · Vercel · Render

Other: IT Troubleshooting · Technical Documentation · System Maintenance

PROJECTS

Full-Stack Developer Portfolio · [Live Site](#)

React · Node.js · Express · MongoDB · Tailwind CSS · Vercel

- Built and deployed a personal portfolio featuring three live project demos and a full contact system backed by a Node.js/Express REST API.
- Implemented a secure admin dashboard with password-protected login, real-time message inbox, search/filter, and one-click email reply.
- Designed a responsive UI with dark mode support, smooth animations, and mobile-first layouts using Tailwind CSS.

Inventory Management Dashboard

React · Node.js · MongoDB

- Developed a real-time inventory system for local businesses in Accra with live search, filtering, and stock tracking.
- Built RESTful API endpoints for CRUD operations and integrated them with a React frontend dashboard.

Mobile Money (MoMo) Payment Gateway Integration

Python · FastAPI · Docker

- Built a wrapper API for Ghanaian Mobile Money (MoMo) payments, handling transaction initiation, status polling, and secure callbacks.
- Containerised the service with Docker for consistent deployment across environments.

Ghana Tech Hub — Developer Community Platform

Next.js · Tailwind CSS · Firebase

- Created a community directory connecting software developers across the Greater Accra Region with real-time member search.

WORK EXPERIENCE

IT Support Specialist

National Youth Authority (K.K.M.A) | *September 2022 – October 2023*

- Delivered first and second-line IT support to staff, diagnosing and resolving hardware, software, and network issues promptly.
- Collaborated cross-functionally with IT, Networking, and Database Administration teams to resolve complex technical incidents.
- Coordinated hardware and software installation, configuration, and routine maintenance across the organisation.
- Responded to emergency IT requests during critical business operations, minimising downtime and ensuring service continuity.
- Assisted in developing and documenting new IT support processes, improving team efficiency and knowledge sharing.
- Supported internal and external audits by gathering and preparing relevant technical documentation for review.

EDUCATION

Diploma in Software Development

Openlabs — Tema, Ghana
